SCHOOL HOLIDAYS

BOARD ANNOUNCES THANKSGIVING AND CHRISTMAS DATES

ORDERS NEW EQUIPMENT

Ward Buildings Will be Wired for Electricity—Electric Lantern and 300 Slides Will be Purchased

The public schools of the city will close on Wednesday evening for the Thanksgiving holidays and studies will be resumed on the Monday morning following, December 3, allowing four days vacation. For the Christmas holidays they will close from Friday, December 21, until Monday, December 31, allowing one full week, with school on both the last day of 1917 and the first day of 1918. The announcement of the holiday dates was made at a meeting of the school board last night.

By curtailing the Christmas holidays the board also announced that school would be over a week earlier in the spring, thereby giving the boys who desire to secure farm employment ample time to get started with their work.

Following up the purpose of the school board to keep the public schools up to date, Superintendent McDonald was authorized to purchase an electric projection lantern and three hundred educational slides. These will cover a wide range and will be for the use of classes in all departments.

The board also authorized the wiring for electricity of all the ward buildings, together with the school for the colored children, so that all class rooms, hallways and basements may be equipped with electric lights. The Jefferson school is now partly wired.

Another departure authorized was the purchase and installation at the Washington school of a big bulletin board to be placed in one of the lower halls. On it each room will be given space for exhibition of work, bulletins, etc., and a glance at it will give a definite idea of the activities of each room in the building.

Members of the board are pleased at the progress that is being made in all of the schools and departments and the determination to keep Maryville's public school in the lead is meeting with the hearty co-operation of every member of the faculty.

'MARYVILLE, AN IDEAL HOST'

F. W. Rucker of Independence, Mo., a Delegate to the Convention, Praises City and People

F. W. Rucker, of the Independence Examiner, was one of the delegates to the Sunday school convention last week. In the Examiner, Mr. Rucker has the following to say of Maryville:

"Maryville, a happy little city of folk, with an abundance of Southern hospitality, has been an ideal host to the 1,500 Missouri Sunday School workers. More than 600 homes have thrown open their doors and practically every automobile in town is at the disposal of delegates, hauling them to and from the station and to the State Normal school for the great main session without a cent of charge. The Commercial Club is working hand in hand with the churches and the newspapers are not only giving full reports of the sessions, but are using columns of "human interest" news about delegates and delegations. The convention is "the thing" in Maryville this week—all Maryville is helping to make it a success and all the delegates are going home with big thoughts from the convention to do big things in their Sunday schools and with some mighty fine things to say about Maryville and Maryville folks."

DID COMMUNITY BUILDING PLAN GET LOST, BUSINESS MAN ASKS

WHY NOT GET STARTED

Points Out City's Need for Such a Building and Urges a Movement be Started to Make it a Reality

The need of Maryville for a large auditorium has been shown on two different occasions this month, when several hundred school teachers from Northwest Missouri gathered here, and last week when 1,500 delegates assembled for the State Sunday school convention. Some months ago a movement seemed about to get under way for a community building that would serve the city on occasions like these, but it has evidently been overlooked.

Said a leading business man yesterday, "Maryville certainly needs a building that would serve these purposes, and needs it bad every week in the year. I don't think we ought to wait longer in getting it started and I believe we could finance it right now better than we ever could before. There has been a lot of talk about such a building, but it seems like it was all talk, and little do."

Continuing, he said, "There are so many different interests that a building of this kind would serve that it has become almost a necessity and I would like to see an attempt made in all earnestness and seriousness to get something tangible started. It would serve our fine stock interests, and our various gatherings that are held, and there has not been a week during the past year that I can remember that something or other comes along that does not demand a big auditorium."

A movement was started some time early last spring by the ministers of the various churches, looking toward the erection of a community building. One meeting was held and the tentative plan was given hearty endorsement. It was announced at the time that another meeting would be held to determine ways and means to secure it, but it never got any farther; nothing else was done.

No one denies the great need for a community building, but there seems to be no disposition on the part of either individuals or civic organizations to take it up and push it to a successful completion.

CHANCE YET FOR DRAFT MEN

Gen. Wood Says That Any Man Who Believes He Did Not Have a Fair Hearing May Present Claims

Camp Funston, Kans., Nov. 27.—Drafted men here will get another chance to ask exemption.

Major General Wood announced that any man who feels that he did not have a full, fair and complete hearing by his local or district board on his claim for exemption may now have his application for discharge considered at division headquarters here.

The men now in service have until December 15 to forward their application to Maj. Gen. Wood. Those who are inducted into service after this date will have seven days after their arrival here to make applications, and those whose claims for discharge have arisen or arise after their entrance into the service may apply at any time.

SCHOOLS IN WAR AID

CHILDREN ANXIOUS TO HAVE A PART IN DOING THINGS

PLAN JUNIOR RED CROSS

Seventy High School Girls Would Form Society—Ward School Pupils to Care for French Orphans

When the war is over there promises to be many changes in the maps of many countries and the pupils of the public schools will find voluminous addition to their histories. But the boys and girls in the Maryville schools are not waiting for these changes, but are keeping pace with world events in their class rooms and the course of study throughout the system is being modified more or less to meet war conditions.

In speaking of the work being done in the schools, Superintendent McDonald said this morning, for instance: "In our history work we are, for the time being, paying less attention to text book history, and more to history in the making now. Our pupils are taught to salute the American Flag, and to know something of the real meaning of the principles for which it stands."

Continuing, Superintendent McDonald said: "The pupils are proving themselves as patriotic as the old folks in more ways than one. Already the students have contributed $27.00 to the Camp Environs Fund for our boys who are at Camp Funston.

"Thirty-six boys in the High School have organized a Red Triangle Club for the purpose of raising funds for Y. M. C. A. work at our army camps and at the prison camps of Europe. Several others have joined the club since it was formed. Each boy has pledged himself to raise $10 out of his earnings and savings during the next ten months for this work.

"About seventy of the High School girls want to organize a junior Red Cross chapter, and they will be permitted to do so as soon as instructions can be received from the Red Cross headquarters. They will make surgical dressings for the soldiers if conditions can be arranged suitable to the Red Cross regulations. If this cannot be done they will make garments for the destitute women and children in the invaded countries of Europe.

"The little folks in the ward schools are going to do their part. Each ward school will try to raise enough money to take care of one orphan child in France for one year. This work is carried on under the direction of the American Society for the Relief of French Orphans, located in New York. The cost of providing food for one child is ten cents a day, or $36.50 for one year. Each school will know the name of the child it is supporting and will be allowed to correspond with it."

Russian Army at Front Threatened With Starvation—Anarchy and Riot Rule—Grand Duke Imprisoned

Special to The Democrat-Forum.

Copenhagen, Nov. 27.—If Russia enters into separate peace negotiations with Germany the ministers of the allied powers at Petrograd will demand their passports, according to a dispatch from Haparanda.

London, Nov. 27.—The Times Petrograd correspondent says he has learned from an authentic source that there was a meeting of the foreign ambassadors at the American embassy Friday night, at which it was decided to ignore the note of Leon Trotsky, the Bolsheviki foreign minister, demanding an armistice. It was decided, the correspondent adds, to treat the note as if it had not been received.

London, Nov. 27.—With widespread mutiny in Russia the army at the front is threatened by starvation and anarchist propaganda is being spread broadcast, says a Stockholm dispatch. Riots and anarchistic outbreaks are reported from the interior and as winter sets in the suffering is being felt. The Bolsheviki is following the plans of the French revolution in terms of address to the citizens.

A dispatch to the Exchange Telegraph from Copenhagen gives similar reports. It also asserts that the country is on the verge of a bloody civil war.

The Russian newspaper, Volka Narodna asserts that Russian soldiers on the Northern front in hundreds are dying in the trenches from cold and hunger. The newspaper adds that mutinies due to hunger have broken out on several parts of the line.

Grand Duke Michael Alexandrovitch, brother of the former emperor, according to a Petrograd dispatch to the Times, has been arrested and imprisoned in Smolny Institute, the headquarters of the Bolsheviki

The Dollar That Counts

There is a time in the affairs of man when it seems advisable to discount the future for the present. In other words, he wishes to make a loan, accepting for present needs, a certain amount of money for which he agrees to pay a larger amount at some time in the future.

That he will be able to pay he has foreseen. If his optimism—and all who enter into this state with honest intentions must need be optimists — is shared by someone with available cash, the loan is made.

The question, "How greatly shall I discount my future?" is one in which the individual needs counsel. Shall borrowing capacity overweigh the individual's future progress? Not if the individual has capable advice from the lender, who must with foresight take care of the borrower's present dilemma. A bank's service to its community is gauged by its foresightedness in the matter of loans.

"THE RAVEN" AT CHRISTIAN CHURCH

Romance of Edgar Allen Poe In Pictures is Lyceum Course Number

"The Raven," a romance of Edgar Allen Poe, is the Lyceum Course number at the Christian church tonight, a feature film in six parts. A brief synopsis of the play is as follows:

Edgar Allen Poe, while at college, incurs many debts and is sent home in disgrace. He is deeply in love with Virginia, a girl who lives near his home. They are announcing their betrothal to her mother when Poe's foster father appears on the scene and denounces him for his conduct at school and orders him from the house.

Poe marries the girl and tries to make a living by writing. He is poorly paid and they feel the pinch of poverty. The wife becomes ill and finally dies because Poe is unable to furnish her with even the bare necessities of life.

He is lunged into great grief and despair. All night he sits brooding over his loss. Through his distorted imagination he sees the ominous raven enter his room and croak gloomy forebodings. There, also, the spirit of his wife visits him.

Poe is torn by terrible doubts as to whether the raven's prophesies that he shall see his beloved no more, or whether the spirit's promise that he meet her in the elysian fields shall be fulfilled.

Finally he himself is stricken by death and his spirit is wafted to heights supernal where he is united with the lost "Lenore."

The Dollar That Counts

There is a time in the affairs of man when it seems advisable to discount the future for the present. In other words, he wishes to make a loan, accepting for present needs, a certain amount of money for which he agrees to pay a larger amount at some time in the future.

That he will be able to pay he has foreseen. If his optimism—and all who enter into this state with honest intentions must need be optimists — is shared by someone with available cash, the loan is made.

The question, "How greatly shall I discount my future?" is one in which the individual needs counsel. Shall borrowing capacity overweigh the individual's future progress? Not if the individual has capable advice from the lender, who must with foresight take care of the borrower's present dilemma. A bank's service to its community is gauged by its foresightedness in the matter of loans.

"THE RAVEN" AT CHRISTIAN CHURCH

Romance of Edgar Allen Poe In Pictures is Lyceum Course Number

"The Raven," a romance of Edgar Allen Poe, is the Lyceum Course number at the Christian church tonight, a feature film in six parts. A brief synopsis of the play is as follows:

Edgar Allen Poe, while at college, incurs many debts and is sent home in disgrace. He is deeply in love with Virginia, a girl who lives near his home. They are announcing their betrothal to her mother when Poe's foster father appears on the scene and denounces him for his conduct at school and orders him from the house.

Poe marries the girl and tries to make a living by writing. He is poorly paid and they feel the pinch of poverty. The wife becomes ill and finally dies because Poe is unable to furnish her with even the bare necessities of life.

He is lunged into great grief and despair. All night he sits brooding over his loss. Through his distorted imagination he sees the ominous raven enter his room and croak gloomy forebodings. There, also, the spirit of his wife visits him.

Poe is torn by terrible doubts as to whether the raven's prophesies that he shall see his beloved no more, or whether the spirit's promise that he meet her in the elysian fields shall be fulfilled.

Finally he himself is stricken by death and his spirit is wafted to heights supernal where he is united with the lost "Lenore."

Visited Mr. and Mrs. Foster.

Mr. and Mrs. Arthur Taggart and Mrs. A. D. Thomas, who have been visiting friends and relatives at Milan, Mo., stopped in Maryville last night on their return to their home in Omaha and visited Mr. and Mrs. Will Foster.

Overworked Women must learn not to neglect their health

How Women are Restored to Health

Spartanburg, S.C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McABEE, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'BRYAN, 1755 Newport Ave., Chicago, Ill.

NEWS OF SOCIETY AND WOMEN'S CLUBS

(Continued from page 3.)

Mrs. W. A. Rickenbrode was leader and Miss Lucie Davis, critic. A historical sketch of the city was given by Mrs. Hoover; "The Kremlin," sometimes called the Westminster Abbey of Russia, was described by Mrs. Dale Bellows, who made the subject of further interest with pictures secured from clippings; Mrs. Merrill Alderman told of the Cathedral of the Assumption and of the Annunciation, and its history; a description and history of the Tower of Ivan the Great and the Great Palace, by Mrs. C. C. Hellmers, showed a large amount of research for details; the royal treasury of the Romanhoff house was the subject of a paper by Mrs. C. F. Remus, while Mrs. F. S. King took the members for a trip through the Imperial University and Royal Museum.

"A Trip Across Siberia to Petrograd," a diary of a member of the Red Cross commission to Russia, was an enjoyable feature, the members following the trip with the aid of a map and discussing the various points described by the Red Cross party. "News Items" gave evidence that the members were keeping posted on events and happenings in the land of the czar.

It was agreed by the members that some participation be had in war aid, and the fund remaining in the treasury will be given to the Y. M. C. A. The action was taken out of regard for Mrs. R. L. McDougal, chairman of the department, whose son is a Y. M. C. A. secretary at Camp Dodge. The next meeting will be with Mrs. Chas. D. Bellows, on December 18. Miss Lucie Davis was chosen leader and Mrs. C. C. Leeson, critic.

Married at St. Mary's Church.

Miss Mary Hoppenjans and Joseph Meyer were married at 8 o'clock this morning at the St. Mary's Catholic church, the Rev. Fr. Odillo officiating. Miss Elizabeth Meyer, a sister of the groom, acted as bridesmaid, and Ed Wilmas, a cousin of the bride, was best man.

Mr. and Mrs. Meyer will make their home on a farm near Bedison.

Try Making Your Own Cough Remedy

You can save about $2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for $2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Maryville Grocer Thankful.

"I had been sick nearly 20 years with stomach trouble and was slowly starving to death as everything I ate caused terrible gas and pain and my food did not digest. I was reduced to 115 pounds. A friend advised me to take Mayr's Wonderful Remedy about four months ago, which I did and now weigh 151 pounds and can eat anything. I am very thankful for Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Pearson's Pharmacy.
